Fuzzy inference rules

1. If economic is VL , and circular is VL , and social is VL , and industry 4.0 is VL , then score is VL.
2. If economic is VL , and circular is VL , and social is VL , and industry 4.0 is L , then score is VL.
3. If economic is VL , and circular is VL , and social is VL , and industry 4.0 is M , then score is VL.
4. If economic is VL , and circular is VL , and social is VL , and industry 4.0 is H , then score is VL.
5. If economic is VL , and circular is VL , and social is VL , and industry 4.0 is VH , then score is VL.
6. If economic is VL , and circular is VL , and social is L , and industry 4.0 is VL , then score is VL.
7. If economic is VL , and circular is VL , and social is L , and industry 4.0 is L , then score is VL.
8. If economic is VL , and circular is VL , and social is L , and industry 4.0 is M , then score is VL.
9. If economic is VL , and circular is VL , and social is L , and industry 4.0 is H , then score is VL.
10. If economic is VL , and circular is VL , and social is L , and industry 4.0 is VH , then score is L.
11. If economic is VL , and circular is VL , and social is M , and industry 4.0 is VL , then score is VL.
12. If economic is VL , and circular is VL , and social is M , and industry 4.0 is L , then score is VL.
13. If economic is VL , and circular is VL , and social is M , and industry 4.0 is M , then score is VL.
14. If economic is VL , and circular is VL , and social is M , and industry 4.0 is H , then score is L.
15. If economic is VL , and circular is VL , and social is M , and industry 4.0 is VH , then score is L.
16. If economic is VL , and circular is VL , and social is H , and industry 4.0 is VL , then score is VL.
17. If economic is VL , and circular is VL , and social is H , and industry 4.0 is L , then score is VL.
18. If economic is VL , and circular is VL , and social is H , and industry 4.0 is M , then score is L.
19. If economic is VL , and circular is VL , and social is H , and industry 4.0 is H , then score is L.
20. If economic is VL , and circular is VL , and social is H , and industry 4.0 is VH , then score is L.
21. If economic is VL , and circular is VL , and social is VH , and industry 4.0 is VL , then score is VL.
22. If economic is VL , and circular is VL , and social is VH , and industry 4.0 is L , then score is L.
23. If economic is VL , and circular is VL , and social is VH , and industry 4.0 is M , then score is L.
24. If economic is VL , and circular is VL , and social is VH , and industry 4.0 is H , then score is ML.
25. If economic is VL , and circular is VL , and social is VH , and industry 4.0 is VH , then score is ML.
26. If economic is VL , and circular is L , and social is VL , and industry 4.0 is VL , then score is VL.
27. If economic is VL , and circular is L , and social is VL , and industry 4.0 is L , then score is VL.
28. If economic is VL , and circular is L , and social is VL , and industry 4.0 is M , then score is VL.
29. If economic is VL , and circular is L , and social is VL , and industry 4.0 is H , then score is VL.
30. If economic is VL , and circular is L , and social is VL , and industry 4.0 is VH , then score is L.
31. If economic is VL , and circular is L , and social is L , and industry 4.0 is VL , then score is VL.
32. If economic is VL , and circular is L , and social is L , and industry 4.0 is L , then score is VL.
33. If economic is VL , and circular is L , and social is L , and industry 4.0 is M , then score is VL.
34. If economic is VL , and circular is L , and social is L , and industry 4.0 is H , then score is L.
35. If economic is VL , and circular is L , and social is L , and industry 4.0 is VH , then score is L.
36. If economic is VL , and circular is L , and social is M , and industry 4.0 is VL , then score is VL.
37. If economic is VL , and circular is L , and social is M , and industry 4.0 is L , then score is VL.
38. If economic is VL , and circular is L , and social is M , and industry 4.0 is M , then score is L.
39. If economic is VL , and circular is L , and social is M , and industry 4.0 is H , then score is L.
40. If economic is VL , and circular is L , and social is M , and industry 4.0 is VH , then score is L.
41. If economic is VL , and circular is L , and social is H , and industry 4.0 is VL , then score is VL.
42. If economic is VL , and circular is L , and social is H , and industry 4.0 is L , then score is L.
43. If economic is VL , and circular is L , and social is H , and industry 4.0 is M , then score is L.
44. If economic is VL , and circular is L , and social is H , and industry 4.0 is H , then score is L.
45. If economic is VL , and circular is L , and social is H , and industry 4.0 is VH , then score is ML.
46. If economic is VL , and circular is L , and social is VH , and industry 4.0 is VL , then score is VL.
47. If economic is VL , and circular is L , and social is VH , and industry 4.0 is L , then score is L.
48. If economic is VL , and circular is L , and social is VH , and industry 4.0 is M , then score is L.
49. If economic is VL , and circular is L , and social is VH , and industry 4.0 is H , then score is ML.
50. If economic is VL , and circular is L , and social is VH , and industry 4.0 is VH , then score is ML.
51. If economic is VL , and circular is M , and social is VL , and industry 4.0 is VL , then score is VL.
52. If economic is VL , and circular is M , and social is VL , and industry 4.0 is L , then score is VL.
53. If economic is VL , and circular is M , and social is VL , and industry 4.0 is M , then score is VL.

54. If economic is VL , and circular is M , and social is VL , and industry 4.0 is H , then score is VL.
55. If economic is VL , and circular is M , and social is VL , and industry 4.0 is VH , then score is VL.
56. If economic is VL , and circular is M , and social is L , and industry 4.0 is VL , then score is VL.
57. If economic is VL , and circular is M , and social is L , and industry 4.0 is L , then score is VL.
58. If economic is VL , and circular is M , and social is L , and industry 4.0 is M , then score is VL.
59. If economic is VL , and circular is M , and social is L , and industry 4.0 is H , then score is VL.
60. If economic is VL , and circular is M , and social is L , and industry 4.0 is VH , then score is L.
61. If economic is VL , and circular is M , and social is M , and industry 4.0 is VL , then score is VL.
62. If economic is VL , and circular is M , and social is M , and industry 4.0 is L , then score is VL.
63. If economic is VL , and circular is M , and social is M , and industry 4.0 is M , then score is L.
64. If economic is VL , and circular is M , and social is M , and industry 4.0 is H , then score is L.
65. If economic is VL , and circular is M , and social is M , and industry 4.0 is VH , then score is L.
66. If economic is VL , and circular is M , and social is H , and industry 4.0 is VL , then score is VL.
67. If economic is VL , and circular is M , and social is H , and industry 4.0 is L , then score is L.
68. If economic is VL , and circular is M , and social is H , and industry 4.0 is M , then score is L.
69. If economic is VL , and circular is M , and social is H , and industry 4.0 is H , then score is L.
70. If economic is VL , and circular is M , and social is H , and industry 4.0 is VH , then score is ML.
71. If economic is VL , and circular is M , and social is VH , and industry 4.0 is VL , then score is L.
72. If economic is VL , and circular is M , and social is VH , and industry 4.0 is L , then score is L.
73. If economic is VL , and circular is M , and social is VH , and industry 4.0 is M , then score is ML.
74. If economic is VL , and circular is M , and social is VH , and industry 4.0 is H , then score is ML.
75. If economic is VL , and circular is M , and social is VH , and industry 4.0 is VH , then score is M.
76. If economic is VL , and circular is H , and social is VL , and industry 4.0 is VL , then score is VL.
77. If economic is VL , and circular is H , and social is VL , and industry 4.0 is L , then score is VL.
78. If economic is VL , and circular is H , and social is VL , and industry 4.0 is M , then score is VL.
79. If economic is VL , and circular is H , and social is VL , and industry 4.0 is H , then score is VL.
80. If economic is VL , and circular is H , and social is VL , and industry 4.0 is VH , then score is L.
81. If economic is VL , and circular is H , and social is L , and industry 4.0 is VL , then score is VL.
82. If economic is VL , and circular is H , and social is L , and industry 4.0 is L , then score is VL.
83. If economic is VL , and circular is H , and social is L , and industry 4.0 is M , then score is VL.
84. If economic is VL , and circular is H , and social is L , and industry 4.0 is H , then score is L.
85. If economic is VL , and circular is H , and social is L , and industry 4.0 is VH , then score is L.
86. If economic is VL , and circular is H , and social is M , and industry 4.0 is VL , then score is VL.
87. If economic is VL , and circular is H , and social is M , and industry 4.0 is L , then score is VL.
88. If economic is VL , and circular is H , and social is M , and industry 4.0 is M , then score is L.
89. If economic is VL , and circular is H , and social is M , and industry 4.0 is H , then score is L.
90. If economic is VL , and circular is H , and social is M , and industry 4.0 is VH , then score is ML.
91. If economic is VL , and circular is H , and social is H , and industry 4.0 is VL , then score is L.
92. If economic is VL , and circular is H , and social is H , and industry 4.0 is L , then score is L.
93. If economic is VL , and circular is H , and social is H , and industry 4.0 is M , then score is ML.
94. If economic is VL , and circular is H , and social is H , and industry 4.0 is H , then score is ML.
95. If economic is VL , and circular is H , and social is H , and industry 4.0 is VH , then score is M.
96. If economic is VL , and circular is H , and social is VH , and industry 4.0 is VL , then score is L.
97. If economic is VL , and circular is H , and social is VH , and industry 4.0 is L , then score is ML.
98. If economic is VL , and circular is H , and social is VH , and industry 4.0 is M , then score is ML.
99. If economic is VL , and circular is H , and social is VH , and industry 4.0 is H , then score is M.
100. If economic is VL , and circular is H , and social is VH , and industry 4.0 is VH , then score is M.
101. If economic is VL , and circular is VH , and social is VL , and industry 4.0 is VL , then score is VL.
102. If economic is VL , and circular is VH , and social is VL , and industry 4.0 is L , then score is VL.
103. If economic is VL , and circular is VH , and social is VL , and industry 4.0 is M , then score is L.
104. If economic is VL , and circular is VH , and social is VL , and industry 4.0 is H , then score is L.
105. If economic is VL , and circular is VH , and social is VL , and industry 4.0 is VH , then score is L.
106. If economic is VL , and circular is VH , and social is L , and industry 4.0 is VL , then score is VL.
107. If economic is VL , and circular is VH , and social is L , and industry 4.0 is L , then score is L.
108. If economic is VL , and circular is VH , and social is L , and industry 4.0 is M , then score is L.
109. If economic is VL , and circular is VH , and social is L , and industry 4.0 is H , then score is L.

110. If economic is VL , and circular is VH , and social is L , and industry 4.0 is VH , then score is ML.
111. If economic is VL , and circular is VH , and social is M , and industry 4.0 is VL , then score is VL.
112. If economic is VL , and circular is VH , and social is M , and industry 4.0 is L , then score is L.
113. If economic is VL , and circular is VH , and social is M , and industry 4.0 is M , then score is L.
114. If economic is VL , and circular is VH , and social is M , and industry 4.0 is H , then score is ML.
115. If economic is VL , and circular is VH , and social is M , and industry 4.0 is VH , then score is M.
116. If economic is VL , and circular is VH , and social is H , and industry 4.0 is VL , then score is L.
117. If economic is VL , and circular is VH , and social is H , and industry 4.0 is L , then score is L.
118. If economic is VL , and circular is VH , and social is H , and industry 4.0 is M , then score is ML.
119. If economic is VL , and circular is VH , and social is H , and industry 4.0 is H , then score is ML.
120. If economic is VL , and circular is VH , and social is H , and industry 4.0 is VH , then score is M.
121. If economic is VL , and circular is VH , and social is VH , and industry 4.0 is VL , then score is ML.
122. If economic is VL , and circular is VH , and social is VH , and industry 4.0 is L , then score is ML.
123. If economic is VL , and circular is VH , and social is VH , and industry 4.0 is M , then score is M.
124. If economic is VL , and circular is VH , and social is VH , and industry 4.0 is H , then score is M.
125. If economic is VL , and circular is VH , and social is VH , and industry 4.0 is VH , then score is M.
126. If economic is L , and circular is VL , and social is VL , and industry 4.0 is VL , then score is VL.
127. If economic is L , and circular is VL , and social is VL , and industry 4.0 is L , then score is VL.
128. If economic is L , and circular is VL , and social is VL , and industry 4.0 is M , then score is VL.
129. If economic is L , and circular is VL , and social is VL , and industry 4.0 is H , then score is VL.
130. If economic is L , and circular is VL , and social is VL , and industry 4.0 is VH , then score is VL.
131. If economic is L , and circular is VL , and social is L , and industry 4.0 is VL , then score is VL.
132. If economic is L , and circular is VL , and social is L , and industry 4.0 is L , then score is VL.
133. If economic is L , and circular is VL , and social is L , and industry 4.0 is M , then score is VL.
134. If economic is L , and circular is VL , and social is L , and industry 4.0 is H , then score is L.
135. If economic is L , and circular is VL , and social is L , and industry 4.0 is VH , then score is L.
136. If economic is L , and circular is VL , and social is M , and industry 4.0 is VL , then score is VL.
137. If economic is L , and circular is VL , and social is M , and industry 4.0 is L , then score is VL.
138. If economic is L , and circular is VL , and social is M , and industry 4.0 is M , then score is VL.
139. If economic is L , and circular is VL , and social is M , and industry 4.0 is H , then score is L.
140. If economic is L , and circular is VL , and social is M , and industry 4.0 is VH , then score is L.
141. If economic is L , and circular is VL , and social is H , and industry 4.0 is VL , then score is VL.
142. If economic is L , and circular is VL , and social is H , and industry 4.0 is L , then score is VL.
143. If economic is L , and circular is VL , and social is H , and industry 4.0 is M , then score is L.
144. If economic is L , and circular is VL , and social is H , and industry 4.0 is H , then score is L.
145. If economic is L , and circular is VL , and social is H , and industry 4.0 is VH , then score is ML.
146. If economic is L , and circular is VL , and social is VH , and industry 4.0 is VL , then score is VL.
147. If economic is L , and circular is VL , and social is VH , and industry 4.0 is L , then score is L.
148. If economic is L , and circular is VL , and social is VH , and industry 4.0 is M , then score is L.
149. If economic is L , and circular is VL , and social is VH , and industry 4.0 is H , then score is ML.
150. If economic is L , and circular is VL , and social is VH , and industry 4.0 is VH , then score is ML.
151. If economic is L , and circular is L , and social is VL , and industry 4.0 is VL , then score is VL.
152. If economic is L , and circular is L , and social is VL , and industry 4.0 is L , then score is L.
153. If economic is L , and circular is L , and social is VL , and industry 4.0 is M , then score is L.
154. If economic is L , and circular is L , and social is VL , and industry 4.0 is H , then score is L.
155. If economic is L , and circular is L , and social is VL , and industry 4.0 is VH , then score is L.
156. If economic is L , and circular is L , and social is L , and industry 4.0 is VL , then score is VL.
157. If economic is L , and circular is L , and social is L , and industry 4.0 is L , then score is L.
158. If economic is L , and circular is L , and social is L , and industry 4.0 is M , then score is L.
159. If economic is L , and circular is L , and social is L , and industry 4.0 is H , then score is L.
160. If economic is L , and circular is L , and social is L , and industry 4.0 is VH , then score is L.
161. If economic is L , and circular is L , and social is M , and industry 4.0 is VL , then score is VL.
162. If economic is L , and circular is L , and social is M , and industry 4.0 is L , then score is L.
163. If economic is L , and circular is L , and social is M , and industry 4.0 is M , then score is L.
164. If economic is L , and circular is L , and social is M , and industry 4.0 is H , then score is L.

165.If economic is L , and circular is L , and social is M , and industry 4.0 is VH , then score is ML.
166.If economic is L , and circular is L , and social is H , and industry 4.0 is VL , then score is L.
167.If economic is L , and circular is L , and social is H , and industry 4.0 is L , then score is L.
168.If economic is L , and circular is L , and social is H , and industry 4.0 is M , then score is L.
169.If economic is L , and circular is L , and social is H , and industry 4.0 is H , then score is ML.
170.If economic is L , and circular is L , and social is H , and industry 4.0 is VH , then score is ML.
171.If economic is L , and circular is L , and social is VH , and industry 4.0 is VL , then score is L.
172.If economic is L , and circular is L , and social is VH , and industry 4.0 is L , then score is L.
173.If economic is L , and circular is L , and social is VH , and industry 4.0 is M , then score is L.
174.If economic is L , and circular is L , and social is VH , and industry 4.0 is H , then score is ML.
175.If economic is L , and circular is L , and social is VH , and industry 4.0 is VH , then score is M.
176.If economic is L , and circular is M , and social is VL , and industry 4.0 is VL , then score is VL.
177.If economic is L , and circular is M , and social is VL , and industry 4.0 is L , then score is L.
178.If economic is L , and circular is M , and social is VL , and industry 4.0 is M , then score is L.
179.If economic is L , and circular is M , and social is VL , and industry 4.0 is H , then score is L.
180.If economic is L , and circular is M , and social is VL , and industry 4.0 is VH , then score is L.
181.If economic is L , and circular is M , and social is L , and industry 4.0 is VL , then score is VL.
182.If economic is L , and circular is M , and social is L , and industry 4.0 is L , then score is L.
183.If economic is L , and circular is M , and social is L , and industry 4.0 is M , then score is L.
184.If economic is L , and circular is M , and social is L , and industry 4.0 is H , then score is ML.
185.If economic is L , and circular is M , and social is L , and industry 4.0 is VH , then score is ML.
186.If economic is L , and circular is M , and social is M , and industry 4.0 is VL , then score is L.
187.If economic is L , and circular is M , and social is M , and industry 4.0 is L , then score is L.
188.If economic is L , and circular is M , and social is M , and industry 4.0 is M , then score is L.
189.If economic is L , and circular is M , and social is M , and industry 4.0 is H , then score is ML.
190.If economic is L , and circular is M , and social is M , and industry 4.0 is VH , then score is ML.
191.If economic is L , and circular is M , and social is H , and industry 4.0 is VL , then score is L.
192.If economic is L , and circular is M , and social is H , and industry 4.0 is L , then score is L.
193.If economic is L , and circular is M , and social is H , and industry 4.0 is M , then score is ML.
194.If economic is L , and circular is M , and social is H , and industry 4.0 is H , then score is ML.
195.If economic is L , and circular is M , and social is H , and industry 4.0 is VH , then score is M.
196.If economic is L , and circular is M , and social is VH , and industry 4.0 is VL , then score is L.
197.If economic is L , and circular is M , and social is VH , and industry 4.0 is L , then score is L.
198.If economic is L , and circular is M , and social is VH , and industry 4.0 is M , then score is ML.
199.If economic is L , and circular is M , and social is VH , and industry 4.0 is H , then score is M.
200.If economic is L , and circular is M , and social is VH , and industry 4.0 is VH , then score is M.
201.If economic is L , and circular is H , and social is VL , and industry 4.0 is VL , then score is VL.
202.If economic is L , and circular is H , and social is VL , and industry 4.0 is L , then score is L.
203.If economic is L , and circular is H , and social is VL , and industry 4.0 is M , then score is L.
204.If economic is L , and circular is H , and social is VL , and industry 4.0 is H , then score is L.
205.If economic is L , and circular is H , and social is VL , and industry 4.0 is VH , then score is L.
206.If economic is L , and circular is H , and social is L , and industry 4.0 is VL , then score is L.
207.If economic is L , and circular is H , and social is L , and industry 4.0 is L , then score is L.
208.If economic is L , and circular is H , and social is L , and industry 4.0 is M , then score is L.
209.If economic is L , and circular is H , and social is L , and industry 4.0 is H , then score is L.
210.If economic is L , and circular is H , and social is L , and industry 4.0 is VH , then score is ML.
211.If economic is L , and circular is H , and social is M , and industry 4.0 is VL , then score is L.
212.If economic is L , and circular is H , and social is M , and industry 4.0 is L , then score is L.
213.If economic is L , and circular is H , and social is M , and industry 4.0 is M , then score is ML.
214.If economic is L , and circular is H , and social is M , and industry 4.0 is H , then score is ML.
215.If economic is L , and circular is H , and social is M , and industry 4.0 is VH , then score is M.
216.If economic is L , and circular is H , and social is H , and industry 4.0 is VL , then score is L.
217.If economic is L , and circular is H , and social is H , and industry 4.0 is L , then score is L.
218.If economic is L , and circular is H , and social is H , and industry 4.0 is M , then score is ML.
219.If economic is L , and circular is H , and social is H , and industry 4.0 is H , then score is M.
220.If economic is L , and circular is H , and social is H , and industry 4.0 is VH , then score is M.
221.If economic is L , and circular is H , and social is VH , and industry 4.0 is VL , then score is L.
222.If economic is L , and circular is H , and social is VH , and industry 4.0 is L , then score is ML.
223.If economic is L , and circular is H , and social is VH , and industry 4.0 is M , then score is ML.
224.If economic is L , and circular is H , and social is VH , and industry 4.0 is H , then score is M.
225.If economic is L , and circular is H , and social is VH , and industry 4.0 is VH , then score is M.
226.If economic is L , and circular is VH , and social is VL , and industry 4.0 is VL , then score is VL.
227.If economic is L , and circular is VH , and social is VL , and industry 4.0 is L , then score is L.
228.If economic is L , and circular is VH , and social is VL , and industry 4.0 is M , then score is L.
229.If economic is L , and circular is VH , and social is VL , and industry 4.0 is H , then score is L.
230.If economic is L , and circular is VH , and social is VL , and industry 4.0 is VH , then score is ML.
